About Us

The Public-Private Alliance Foundation is a 501(c)3 non-profit organization dedicated to reducing poverty in the world by bringing together business, governmental, community, academic, United Nations and other interests. Through collaboration, the Foundation helps stimulate entrepreneurship and commerce-related activities and encourage investment for sustainable development. The Foundation supports the principles of the United Nations Millennium Development Goals.

Focusing on the Dominican Republic, Haiti and Madagascar, our vision is to make a difference for human betterment. The Foundation works closely with the United Nations for policies and actions to advance public-private alliances. The Foundation is associated with the Department of Public Information of the United Nations and is a participant in the United Nations Global Compact. It is a member of the Partnership for Clean Indoor Air and welcomes the founding of the Global Alliance for Clean Cookstoves.
