#GIVINGTUESDAY™

Dear PPAF Friends,

Today you can join us and help Haitian youth and families improve their lives. Our work is innovative and effective. It focuses on renewable energy, environmental concerns and empowerment of girls and women. With Haitian and American colleagues we support --

- * university teaching and fieldwork on solar cookers and biodigesters for biogas fuel and garden fertilizer
- * a young entrepreneurs program that teaches baking and sewing skills for low-income children
- * a program to help impoverished adolescent girls grow into capable young women
- * promotion of photos by a talented young Haitian artist
- * seminars and presentations for information exchange and advocacy.

You can help change the life of a student, a family, a community. We hope you will be generous in giving support to these projects in Haiti.
