December 29, 2014

Dear PPAF Colleagues and Friends,

Greetings from the PPAF Board and Executive Director and best wishes for a peaceful, prosperous, healthy and green 2015!

Pictured below is our new ethanol stove, an improved prototype created with your financial assistance. It is ready for a first run of manufacture in Port-au-Prince and testing with a pilot group of families! This has been upgraded since our on-the-ground testing in September-October, and work being done both by the manufacturer and the PPAF inventor and Senior Fellow, Tom Setchel.

You can support the Public-Private Alliance Foundation with an end-of-year gift & receive your 2014 tax deduction. Give now at <http://www.razoo.com/Public-Private-Alliance-Foundation>

You'll find there a slide show that demonstrates our work on clean cooking and how you can contribute to specific work in building stoves, training people, distilling ethanol, and providing stoves and fuel to families in the next phase of our work.

Safe, Clean Cooking with ethanol saves lives, saves the environment, strengthens families and creates new jobs.
