[Happy New Year 2020!](#)

Dear PPAF Friends,

It's that time of year when nonprofits rely on generous people like you. If you haven't yet given to PPAF in 2019, now is the time to make an important and much-needed gift. Your gift can also help reduce your 2019 taxes.

One generous donor has given \$3,000 to support the solar and biogas class that began in early December at the Université Notre Dame d'Haiti - Hinche. We need funds for the second semester, which will include teaching of entrepreneurship and family and community education. That semester also needs support for materials and transportation costs. An important part of the process is documenting the learning so that the course can be duplicated elsewhere. PPAF is considered a Top-Rated Nonprofit, and you can also [give through GreatNonprofits.org](#) and read more about PPAF.

Your gift can also fund cooking, sewing and entrepreneurship classes at the Art Creation Foundation for Children in Jacmel. You can help this project by making [a gift to PPAF](#).

While our Haitian and American team are making great strides, we still have a lot to accomplish.

You can help change the life of a student, a family, a community. We hope you will be generous in giving support to these projects in Haiti.

According to the UN Office for Coordination of Humanitarian Affairs (UNOCHA), on December 27, in 2020 "The number of Haitians who do not have sufficient food to eat is expected to surpass four million..." Clean cooking is a direct contribution to reducing hunger through reducing family cooking costs and reducing ill health from exposure to smoke.
