Public Private Alliance Foundation

Dear Friends,

Our foundation aims to do what we can in each of our three focus countries to help in the battle against COVID-19, the terrible pandemic.

[Click here to join us](#)

In the past few days we have given project support to a public medical clinic at the University Notre Dame d'Haiti in Hinche, Haiti, to sewing and cooking classes at the Art Creation Foundation for Children in Jacmel, Haiti, to the community medical center of the Association for the Development of San Cristobal in the Dominican Republic, and to the staff and community organizers of the environmental protection nonprofit FANAMBY in Madagascar. [View more photos here.](#)

In the case of the ACFFC in Jacmel, the cooking classes have shifted to preparing cornbread, rice or beans on solar cookers, both to help feed the children who stop by during quarantine and to reduce the need for pricey propane. The sewing classes have shifted to making face masks out of dress fabric, to give to the children, their families and their neighbors.

PPAF has long-standing relations in each of these countries. We will continue to help as resources become available. [Please donate here.](#)

We need your help.

What can YOU do? Educate those around you on the present situation so all can be aware of what is occurring and consider supporting our programs. If your organization is seeking a way to combat this pandemic, please choose PPAF and you will aid in the fight.

Warm regards,

David
