**Our joint event with Solar Cookers International and KDCK – "Solar Cooking: A transformative approach to advancing the United Nations Sustainable Development Goals"- is available on video now.**

Solar Cookers International (SCI), the Public Private Alliance Foundation (PPAF), and Konbit pou Developman Commune Kote de Fer (KDCK) are proud to share our premiere advocacy event at the United Nations High Level Political Forum (HLPF).

It showcases solar cooking as a transformative approach in achieving the United Nations Sustainable Development Goals; how it has been integrated into a clean-cooking course at a University and in work at a children's center in Haiti; and its relevance during the global crisis of COVID-19. Please watch it at <https://www.solarcookers.org/work/advocacy/advocacy-role>.

The introductions and SCI presentation run to minute 49 of the video.

The PPAF presentation is from min. 49 to 1:03,

The KDCK is from 1:04 to 1:16. The Q&A starts at 1:16.

We want to thank SCI for its great collaboration and technical support to this video.
