

Prayer for Haiti

Fr. Jean Herald Ph.D.
UNDH/UDERS de Hinche
Vice Recteur Exécutif

Lord our eternal and all powerful God!
You know every heart.

You know when we suffer and when we are in joy.

We approach you to intercede for your people that you put in this corner of the earth, HAITI.

Children cannot go to school; parents cannot feed their children; sick people cannot go to the hospital; employees cannot receive their salaries. There is no security; there is no justice and no peace.

People are starving and afraid....many are frustrated and animated by hatred and jealousy.

Blocked streets where pregnant women are dying before being seen by a doctor; sadness everywhere.

You are the God of every century. You have not forgotten or abandoned Israel in the desert and in slavery.

That is why we ask you, prostrating before you, to have mercy on Haitians, wherever they may be, in this crisis, which violates the future of young people and children. Put love, peace, and reconciliation in their hearts. Grant forgiveness and a spirit of tolerance to each of them.

Be the leader of this people!

Save them, forgiving the sins committed against you and their neighbor.

We ask you this through our Lord, Jesus Christ. Amen
